

Spider 20.95 Tracked Access Platform

The Platform Basket Spider 20.95 is a tracked aerial platform with a working height of 20 metres. Equipped with the best technologies available in the market to offer operators superior performance, the Spider 20.95 platform is "ultra light" and easy to transport with a trailer. It stands as an icon in the 20-metre working height segment for its light structure, outreach, and 250kg basket load capacity without outreach restrictions.
